Location

Empuriabrava, also known as Ampuriabrava, was founded in 1967 and is affectionately referred to as the "Little Venice of Spain." Picturesquely located on the Gulf of Roses on the Costa Brava, this charming town has developed into one of Europe's most beautiful water sports destinations. Originally built on marshland, Empuriabrava now shines as a Mediterranean holiday paradise inspired by the design of Florida. The heart of Empuriabrava is its network of over 30 kilometers of navigable canals, which wind through the entire town and give it its unique character. With more than 5,000 moorings, the marina of Empuriabrava is considered the largest in Europe. Many of the luxurious villas and holiday homes feature gardens with private pools and direct boat access, allowing boats to dock right at the doorstep. Thanks to a smart road system, properties are easily accessible both by car and by boat via the canals. In addition to its famous marina, Empuriabrava is also a hotspot for skydiving.

Water sports enthusiasts can enjoy activities such as windsurfing, kitesurfing, and sailing. There are also numerous hiking and cycling trails that run through the picturesque surrounding landscape. The town is flanked by the rivers R   La Muga and Rec els Salins, which complete the idyllic scenery..
